Giantess Globalist Sperm War-Mandy De Sandra 2018-10-02 A dirty bomb has been dropped and humanity is forever changed. The boys who didn't die stayed the same but the women grew into giantesses--walking gods as tall as the mountains. To remake a new and better world, all post-pubescent men were eaten and killed, and the remaining boys were rounded up to live in The Pen and learn to become better men. One of those boys, Tyson, waits on Eve Night--the night before the giantesses select who will be reborn through their womb. Men themselves are now sperm and each giantess selects ten of their favorite men to go inside her and compete to be the winner--reborn as a baby. Tyson wants the childhood that was taken away from him during World War III, but he must learn to work, fight, and help the 9 others if he wants to be a baby again. "De Sandra creates a world that plays with edible men, female anatomy, and misandry. This is the giantess fetish at its most lurid and comical, while quietly illustrating the poignant isolation of divided gender." Devora Gray, Author of Human Furniture and the Quest for the Perfect Woman

Gender and Space in British Literature, 1660-1820-Mona Narain 2016-04-15 Between 1660 and 1820, Great Britain experienced significant structural transformations in class, politics, economy, print, and writing that produced new and varied spaces and with them, new and reconfigured concepts of gender. In mapping the relationship between gender and space in British literature of the period, this collection defines, charts, and explores new cartographies, both geographic and figurative. The contributors take up a variety of genres and discursive frameworks from this period, including poetry, the early novel, letters, and laboratory notebooks written by authors ranging from Aphra Behn, Hortense Mancini, and Isaac Newton to Frances Burney and Germaine de Staël. Arranged in three groups, Inside, Outside, and Borderlands, the essays conduct targeted literary analysis and explore the changing relationship between gender and different kinds of spaces in the long eighteenth century. In addition, a set of essays on Charlotte Smith's novels and a set of essays on natural philosophy

offer case studies for exploring issues of gender and space within larger fields, such as an author's oeuvre or a particular discourse. Taken together, the essays demonstrate space's agency as a complement to historical change as they explore how literature delineates the gendered redefinition, occupation, negotiation, inscription, and creation of new spaces, crucially contributing to the construction of new cartographies in eighteenth- and early nineteenth-century England.

A Handbook of Gods and Goddesses of the Ancient Near East-Douglas R. Frayne 2021-03-01 From the tragic young Adonis to

Zašhapuna, first among goddesses, this handbook provides the most complete information available on deities from the cultures and religions of the ancient Near East, including Anatolia, Syria, Israel, Sumer, Babylonia, Assyria, and Elam. The result of nearly fifteen years of research, this handbook is more expansive and covers a wider range of sources and civilizations than any previous reference works on the topic. Arranged alphabetically, the entries range from multiple pages of information to a single line—sometimes all that we know about a given deity. Where possible, each record discusses the deity's symbolism and imagery, connecting it to the myths, rituals, and festivals described in ancient sources. Many of the entries are accompanied by illustrations that aid in understanding the iconography, and they all include references to texts in which the god or goddess is mentioned. Appropriate for both trained scholars and nonacademic readers, this book collects centuries of Near Eastern mythology into one volume. It will be an especially valuable resource for anyone interested in Assyriology, ancient religion, and the ancient Near East.

Dark Horse-Tami Hoag 2002-08-27 In her latest thriller, New York Times bestselling author Tami Hoag takes readers on a suspense-filled ride of shocks and twists leading to an explosive finish. It is the story of an ex-cop, a missing girl, and a killer locked in a race where there can be only one winner--and the losers die trying. In a trailer in a Florida swamp, time is running out for eighteen year-old Erin Seabright. A pawn in a kidnapper's terrifying game for a ransom no one can pay, her last hope is a washed-up ex-cop who has already lost it all-not once, but twice. The wealthy world of the Palm Beach horse set seems a long way from a cop's world in the narcotics division. A lifetime ago, undercover sheriff's detective Elena Estes worked the mean streets and BackTop alleys, living by her wits and playing the long odds until she took one risk too many. Now Estes lives on the ragged edge of lost

hope and self-hatred, hiding from the past and believing she doesn't deserve to have a future. But the past is about to come back with a vengeance, and the future is about to become a race between life and death. A young woman is missing and her twelve year-old stepsister comes to Estes for help. No one but serious, studious Molly Seabright seems concerned about what's happened to her troubled older sister. But Molly is convinced Erin is in danger. Estes has no P.I. license, no interest in a new career, and no desire to break her self-imposed exile. But the more she learns about the people Erin Seabright was involved with, the more her long-dormant cop instincts come back to life. One trip to the show grounds where Erin worked as a groom, and Estes is quickly pulled to the dark side of a glamorous sport. Behind the glittering, ultra-rich facade is an ultra-ruthless world of drugs, payoffs, and dirty deals. A world of dissolute playboys and crooked horse-dealers, of royalty and rabble, of rivals and enemies. An obscenely wealthy world where anything can be had for a price--including a life. And in that world stalks a killer who will lead Estes down a dark, twisted trail of decadence and deceit, mayhem and murder--from the gilded life of Palm Beach to the darkest corners of the Florida swamps, to a final show-down that could cost her everything. A race against time and evil. A race in which Estes is the dark horse--and no one is betting on her to win.

Lexham Geographic Commentary on the Gospels-Barry Beitzel 2018-04-18 Many familiar Gospel narratives are filled with geographic details that we gloss over because of our distance from the Holy Land. Yet climate, landscape, natural resources, and other features of geography leave a lasting mark on the societies and cultures that have developed within them. In a world of dirt roads and dry riverbeds, where

shepherds watch their flocks in the hills and fishermen mend their nets by the sea, Jesus taught from hill and plain, using the surrounding landscape as the backdrop for his teaching. Jesus' parables and illustrations are often brimming with geographic clues, but the significance of these distinctive details is often lost on us today. The Lexham Geographic Commentary on the Gospels puts readers in the sandals of the disciples as they travel throughout Israel with Jesus, explaining the significance of geography for mining the riches of the biblical text.
